

In the spirit of collaboration and respectful partnership with both families and the community, we at Blue Hills Child & Family Centre strive to create opportunities for children, youth and families to nurture their relationships and expand their abilities in realizing improved mental health.

Is seeking a
PSYCHOMETRIST
Full-time Position

Blue Hills Child and Family Centre is looking for a Psychometrist to join our agency. This individual will split their time between the Community Consultation and Assessment Service (CCAAS) team and assessing Blue Hills clients. The CCAAS is a specialized consultation and assessment service for children and youth between the ages of 5 and 18 years and their families. The specialized consultation and assessment service is a multi-disciplinary team that includes professionals from the fields of Psychiatry, Psychology, Speech and Language Pathology, Occupational Therapy and Social Work/Marriage and Family Therapy. As a specialized consultation service, team members provide diagnostic clarification and treatment recommendations. The children referred to the specialized consultation and assessment service present with a wide array of developmental challenges along with chronic, diverse, and complex mental health issues. The child and youth's difficulties can encompass intellectual and adaptive challenges, language and learning issues, and a broad range of social/emotional challenges. We are seeking a self-directed, team player who is passionate about working with children!

PRIMARY LOCATION: Richmond Hill.

START DATE - January 7, 2019

HERE'S WHAT YOU'LL GET TO DO:

- Administer psychological tests, score tests results, interpret test data and write comprehensive reports based on a detailed history from parents, therapists, teachers, school documentation, previous assessments and current test scores as needed.
- Work closely with the CCAAS Psychologist to assist in the completion of comprehensive psychological assessments that focus on examining the child/youth's level of cognitive, academic and socio-emotional functioning
- Participate in regular interdisciplinary team meetings and in regular feedback sessions with clients and their families and service providers.
- Provide consultation and follow-up direction to service providers in receipt of psychological assessment results as necessary.
- Provide direction to the multidisciplinary team regarding the psychological needs of the clients being assessed by the CCAAS service.

- Maintain knowledge, skills, and abilities by keeping up to date regarding professional standards through reviewing current literature, attending workshops/seminars and networking with colleagues.
- Offer occasional workshops or presentations to agency staff or community members on topics related to children's mental health needs.

HERE'S WHAT YOU'LL NEED:

- M.A. in Psychology with competency in clinical psychology with children, adolescent and families
- Registration with the College of Psychologists of Ontario (in good standing); ability to diagnose an asset
- Extensive child and adolescent mental health background preferably in a children's mental health setting
- Minimum 3 years of psychological assessment experience with school-aged children and adolescents, inclusive of a thorough knowledge of DSM-5 disorders, including learning disabilities, developmental disorders, autism spectrum disorders and children's mental health disorders
- Ability to complete the ADOS an asset, or a willingness to be trained in this area
- Capacity to work collaboratively in a multi-disciplinary team and with other service providers is essential
- Excellent skills in tests administration, scoring, interpretation & report writing
- Excellent interpersonal and communication skills (oral & written)
- Demonstrated ability to work independently and efficiently within given timelines
- Experience with computer and test-scoring technology
- Demonstrated commitment to a client centered philosophy
- Bilingualism (French/English) (Preferred)

Deadline to Apply: October 26, 2018
